

BEGAN DISTRIBUTION OF THE RELIEF FUND TODAY TO MEET URGENT CASES

COMMITTEE NAMED BY COUNTY BOARD TO HANDLE FUNDS PLACED AT ITS DISPOSAL STARTS WORK.

Frank Roach Goes Through the Worst Stricken District to Give Heads of Household Funds for Immediate Use.

Feeling that fifty dollars now is worth a hundred or even more later, the relief committee named by the county board to handle the money being raised through the medium of the Gazette this morning decided to hand a check for fifty dollars to the head of each family whose needs were immediate.

Up to three o'clock this afternoon something like fifteen hundred odd dollars had been subscribed, the majority of it being paid in at the Gazette by cash or check and the remainder will doubtless be sent in at once so it can be utilized immediately.

The committee named by the board to handle this fund is composed of N. M. Gleason, town of Linn; John Paul, town of Milton; Frank Roach, town of Harmony; H. S. Stevens, town of Plymouth; W. H. Maxon, Milton village; J. L. Hunt, city of Janesville; and Simon Smith, city of Beloit; is representative of the Gazette.

The money, as fast as received, is being deposited in the Merchants and Savings Bank, over Merchants and Savings Bank, where thus far deposited today. It is placed to the credit of the County Relief committee and will be checked out by their treasurer and later a report published in the county papers of how it was disposed of.

The money received thus far at the Gazette is as follows:

UNCLE SAM TAKES A HAND IN NEW YORK BASEBALL SCANDAL

Reported That Government Will Attempt to Indict Officials of Clubs On Charge of Mail Frauds.

[SPECIAL TO THE GAZETTE.]

New York, Nov. 15.—Several thousand baseball fans in the East have received John T. Brush's personal request for information regarding the manner in which their applications for world's series tickets were cared for. Uncle Sam has taken a hand in the ticket scandal controversy growing out of the world's series baseball games. An attempt is being made by the government. It is said, to indict and convict the officials of the New York club for an alleged using of the mails to defraud. The complaints are filed by those who paid for tickets to be sent through the mails, who never received the pastebords.

Despite this move on the part of the owner of the New York Giants, the federal government is taking a hand in the world's championship series ticket scandal, and the activities of the postal department to try to indict and convict the trouble makers of using the mails to defraud will not cease.

DISPENSING VACCINE FREE TO PHYSICIANS

State Hygienic Laboratory Officials Make Free Distribution of Anti-Toxin Vaccine.

Madison, Wis., Nov. 15.—Although the state hygienic laboratory officials had announced they would not begin the distribution to physicians of the state of anti-toxin vaccine for typhoid until December 1, the call for the vaccine has been so urgent in the past few weeks that the director, Dr. M. F. Ravend, is already dispensing it. Up to the present time approximately one hundred and twenty-five cases have been treated with the state's vaccine, which is furnished free to physicians.

The first call for it came from the Madison General hospital. Then followed the typhoid outbreak at the Green county asylum, where over one hundred patients were effectively vaccinated. Orders have been filed also at Watertown, Rice Lake and La Crosse.

"The use of anti-toxin vaccine has been very successful thus far," said Dr. Ravend today. "After vaccinating over one hundred patients at Monroe who had been exposed to typhoid, only two were taken ill; the others were rendered immune. In the cases of the two who became ill from the treatment, the symptoms and progress of the sickness were similar to those reported like cases in the United States army service. Typhoid was so mild in those two cases that were it not for a slightly higher temperature than the normal it would not be known that the patients were suffering from this malady. Under any other circumstances it would have been difficult to diagnose them as typhoid fever at all."

"UP TO MINNESOTA" SAYS COACH OF U. W.

Coach John Richards Makes Statement in Regard to Eligibility of Pickering of Minnesota.

[BY ASSOCIATED PRESS.]

Madison, Nov. 15.—"If Minnesota wants to cancel the game they can do so," said Coach John R. Richards of Wisconsin today, when told of the Gopher's reported intention to use Pickering or any at home. "We are ready to go on the field and play any team they send. If they declare Pickering eligible we shall take the matter to the conference eligibility committee. We have served our evidence of Pickering's professionalism and have done our plain duty under the conference rules. It is now up to Minnesota."

GOVERNOR WILL NOT OPPOSE JEFF DAVIS

Governor Donaghey of Arkansas To Seek Re-election Instead—Congressman Brundidge Sole Rival.

Little Rock, Ark., Nov. 15.—United States Senator Jeff Davis went to White County today to deliver his opening speech in his campaign for re-election. His successor will be chosen by the legislature to be elected next year and an interesting contest is in prospect. The situation has been somewhat simplified by the announcement of Governor Donaghey that he would be a candidate for re-nomination. For a long time doubt existed in the minds of the politicians as to whether the Governor would try for another term or become a candidate for senator. His decision in the matter has left the senatorial contest a straight race between Senator Jeff Davis and former Congressman Stephen Brundidge, Jr., who is expected to be his only opponent. Mr. Brundidge represented the Second district in Congress for ten years and has a strong following throughout the state.

IS AMERICAN ARMY READY FOR CHINA?

STATED THAT 10,000 MEN ARE HELD IN PHILIPPINES TO ACT FOR ENTIRE FOREIGN INTERESTS.

[BY UNITED PRESS.]

MIGHT CAUSE TROUBLE

Fearful by Some That Large Army of Americans Landing in China Would Cause Outbreak.

Peking, Nov. 15.—American intervention in China unquestionably could cause grave trouble is said here today.

According to cablegrams from Washington the American government is holding troops and transports in readiness in the Philippines to dispatch 10,000 regulars to China.

Neither the Imperial government nor the republicans enthusiastically expect to submit willingly to the landing of American soldiers.

WILL OPEN FACTORY ON JANUARY SECOND

HIAWATHA WATER CO. RUSHING WORK OF CONSTRUCTION OF THEIR BOTTLING WORKS.

Latest Machinery And Most Sanitary In The World To Be Installed—Everything Up-to-Date.

On January 2, 1912, the new bottling plant of the Hiawatha Water company at Hiawatha Springs will begin its operations. This was the statement this morning of Louis M. Park of Minneapolis, who was in Janesville for a few hours. Mr. Park had just completed the purchase of the latest model sterilizing machine in the world, capable of cleaning 52,000 bottles a day.

This is the most modern of all sanitary machines and washes the bottles twenty times in a solution of caustic and soda, dries them, puts them through the sterilizing machine four times, then through four rinsings of clear spring water and onto an H. & P. filler which will fill ninety-nine per cent. Then the bottles go to a crowing machine, are pasteurized, and are to be conveyed by a large carrier into the shipping room.

The factory will have a capacity of fifty-two thousand plants per day when running full force and is built so that this capacity can be doubled if necessary by the installation of duplicate machinery. The sterilizing machine alone costs \$10,000 and will be installed at once. Workmen are now putting up the cement walls inside the structure, placing the heating plant in order and will lay the piping within the next few days. Everything is expected to be in order for work by January 2 of next year.

BOY MURDERER MAY ESCAPE THE GALLOWS

Harry Wilson, Convicted Of Murder Of His Brother Granted a Month's Reprieve.

Halifax, N. S., Nov. 15.—Instead of being executed today in accordance with the original sentence imposed upon him, Harry Wilson, the boy murderer in jail at Digby, has been granted a reprieve of one month, with good prospects that he will escape the gallows altogether. Today the full bench convened in this city to take up his case, which has attracted wide attention throughout eastern Canada. The crime of which Wilson was convicted was the murder of his brother, George Wilson. The tragedy is alleged to have resulted from a quarrel when both the brothers were intoxicated.

BEATTIE TO DIE IN ELECTRIC CHAIR FOR MURDERING HIS WIFE

Governor Mann of Virginia Refuses Reprieve And Execution Will Take Place November 24.

[BY UNITED PRESS.]

Richmond, Va., Nov. 15.—Henry Clay Beattie, Jr., will die in the electric chair Nov. 24th, for the murder of his young wife. The next to the last chapter in the most sensational murder case in the annals of Virginia was enacted today when Governor Mann refused to interpose.

"I believe that Beattie was guilty of the cruel and malicious murder of his young wife," said Governor Mann, in his decision in which he went upon the fact that Judge Watson on the trial at Chesterfield gave the prisoner every advantage in all his rulings.

TO OPEN M'NAMARA TRIAL DECEMBER 1

Both State And Defense Certain That Jury Box Will Be Filled Before That Time.

[BY UNITED PRESS.]

Los Angeles, Cal., Nov. 15.—With the second preliminary challenge only one jury seat away, the state in the McNamara case today renewed its efforts to eliminate for cause Tullahoma Michael Corcoran, the twelfth man in the box, who had been passed for cause by the defense.

It is considered certain that four permanent jurors will be added to the three now in the box as soon as preliminary challenges are exhausted. As a result both sides are now certain the actual trial will be opened not later than December 1st.

VALUATION PLACED ON ELECTRIC LINES

Preliminary Valuation Placed by State Railroad Commission Is \$48,825,000.

[SPECIAL TO THE GAZETTE.]

Madison, Wis., Nov. 15.—The preliminary valuation of the property of street railway companies, and light, heat and power companies operated in conjunction with them, in the state of Wisconsin, has been fixed by the state tax commission at \$48,825,000 for the year 1912. The final assessment for 1911 was \$12,163,000, the tentative valuation now made representing an increase of nearly \$36,000,000. It is subject to review and correction. NATIONAL GRANGE IS IN ANNUAL SESSION

Greatest Organization Of Farmers In America Opens Meetings In Columbus, Ohio.

Columbus, O., Nov. 15.—The National Grange, the largest and most influential organization of farmers in America, met for its annual session in Columbus today with delegates present from every state. Additional interest was given the session by the probability that the attention will be called to the charges made that the organization is controlled by certain powerful factors whose activity in national politics has militated against the success of the National Grange and minimized its influence.

DUKE OF CONNAUGHT OPENS PROCEEDINGS OF NEW PARLIAMENT

Military Display And Obsequious Social Functions In Preventive of Occasion.

Ottawa, Ont., Nov. 15.—The first session of Canada's newly elected Parliament opened today. The proceedings were opened by the Duke of Connaught, who, having reference to the election of Dr. Thomas S. Sproule as Speaker and other preliminary business of a routine character. Nevertheless, the chambers and corridors of the Parliament buildings were the scenes of much bustle during the day, the members of both sides exchanging greetings and awaiting to get their bearings. Owing to the change of Government there has been a complete re-arrangement of rooms, those heretofore occupied by the Liberals have been taken by the Conservatives and vice versa.

The spectacular function in connection with the assembling of the new Parliament has been reserved for tomorrow, when his royal Highness the Duke of Connaught will open the proceedings in state. On this occasion there will be the customary military display, the cavalry escort, guard of honor and royal salute. The customary state dinner will take place in the evening and on Saturday his royal Highness the Governor General and the Duchess of Connaught will hold their first drawing room. This function, as well as the opening itself, always attracts society leaders and deputations from many outside points. This year, the opening ceremonies promise to be of exceptional interest from the advent of a new Government, but also the grant social credit attributable to the presence of royalty. An almost unprecedented number of applicants has been received for seats on the floor or in the gallery tomorrow. The demand greatly exceeds the accommodation, and a great number will be necessarily disappointed.

The duration of the present session and the extent and character of the business to be presented are not as yet definitely known. It is the general belief, however, that the session will be brief and rather uninteresting. The prevailing idea is that no very important legislation or legislation of a constructive character will be brought out at this time, but that, instead, attention will be devoted mainly to passing the appropriation measures necessary for the remainder of the fiscal year. Parliament will probably be prolonged before Christmas.

It is expected that it will meet again in February or March, when the new Government will be ready with its most important measures of legislation. Among these will be the proposals to establish a tariff commission, to create a western division of the Federal railway commission, and to provide for Government ownership and operation of terminal elevators. That the tariff will be taken out of politics and made the subject of a general board is generally accepted as being a leading plank in Mr. Borden's platform. He made this proposal as an offset to the appeal that the Liberals made to the farmers on the ground of lower tariff. The same proposal has been endorsed by the Canadian Manufacturers' Association as a means of taking the tariff out of politics.

HIGH COURT JUDGE TO SPEAK AT RALLY

Justice A. A. Bruce of North Dakota Will Give Address at Wisconsin Mass Meeting Friday Night.

Madison, Wis., Nov. 15.—A supreme court justice addressing a football mass meeting is the unusual event scheduled to take place here next Friday night, when A. A. Bruce of the North Dakota state bench will speak to students of Wisconsin, his alma mater. Prof. Bruce was appointed to the supreme bench about a fortnight ago. He had been dean of the North Dakota law school since leaving the Wisconsin law school faculty a decade ago. He is called the father of football at Wisconsin and in his day was as notable a gridiron figure as any who have left Wisconsin in the years since his graduation.

Coach further states and the present coaches will address the students Friday night.

The practice yesterday was given to signal drill in the live stock pavilion and the customary field work on the agricultural college campus. Secrecy is being maintained to the last.

C., of which he is president and Dr. H. W. Wiley of pure food is secretary. This meeting will be held on Nov. 20-22.

PLACE COUNTY FUNDS WITH BELOIT BANKS

BELOIT STATE AND SECOND NATIONAL BANKS CUSTODIANS OF COUNTY FUNDS.—INTEREST AT 3 1/2.

BOARD AT POOR FARM

Are Entertained at Dinner by Superintendent D. M. Barless, Who Was Re-Elected for Three Years.—Jury Training School.

Among the important matters which were considered by the Rock county board of supervisors in their session this morning, was the placing of the county funds for the year beginning Jan. 1st, 1912. The county clerk read the propositions of the Beloit State and Second National Banks, who offered to receive the funds of the county jointly and pay 3 1/2 per cent interest per annum, for the same, furnishing also the required bonds. The offer of the four Janesville banks, who would receive the county funds, jointly paying for the same two per cent per annum, was also read.

It was moved and seconded and unanimously carried that the Beloit banks be given the custody of the county funds for the coming year.

An invitation was read from Principal P. J. Louth of the Itack County Training School asking the members of the board to visit and inspect the new quarters of the school at any time during the session of the board. The suggestion of Supervisor C. E. Moore that the board visit the school in a body on their return from the county farm this afternoon was made in the form of a motion and carried.

On the motion of Supervisor Simon Smith a unanimous ballot was cast by the clerk for D. M. Barless to succeed himself as superintendent of the County Poor Farm and County Insane Asylum for a period of three years.

Other officials who were re-elected by the unanimous ballot were: Robert Moore as trustee for three years of the Rock County Insane Asylum to succeed himself; and L. M. Nelson was re-elected janitor of the court house for the ensuing year.

L. M. Nelson, chairman of the Soldiers' Relief Committee of the board, read the report of the committee at the session of the board this morning. The report showed that \$5,617 had been paid out in regular orders, and \$213.97 had been expended for special relief, making a total of \$5,830.97 expended for soldiers' relief for the current year. The balance on hand from last year, \$3,231.55; the amount received from regular appropriations, \$5,500 and from orders \$51, making a total of \$48,782.52 to be accounted for. The balance on hand is \$2,561.58.

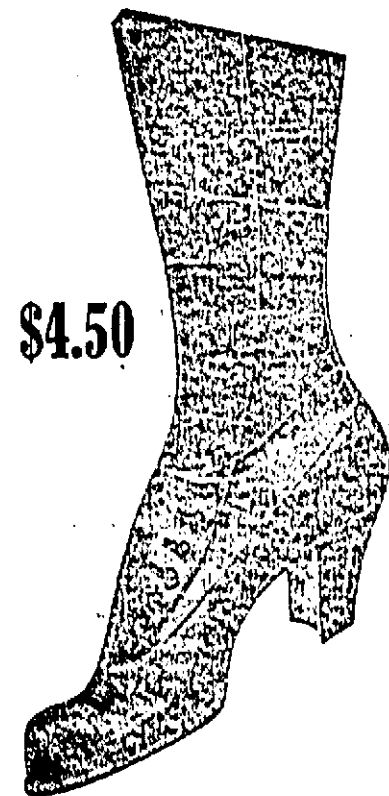

Among other matters brought before the board today it was voted to borrow \$5,000 from the Beloit banks. Postmaster Seegmiller for the southern half of the county spoke regarding the patients suffering with delirium tremens which he had under his supervision, and asked what provision should be made for them. He stated that he was denied housing them in the county hospital by a recent state law, and the city lock-up was not a place where they could be cared for more than twenty-four hours. It was the general opinion expressed that such patients should receive treatment to the county jail by the court.

A standing vote was taken of the members of the board who intended to be present at the court house this evening to hear State Highway Engineer A. R. Hunt. Only a few of the members would be at liberty to attend, but the meeting will be held as soon after seven o'clock as possible.

The members of the board were entertained at dinner this noon at the county farm where Supt. D. M. Barless acted as host. The board left the city in carriages about noon after they had posed for their photograph on the court house steps.

On their return to the city this afternoon the school building where they inspected the quarters of the Rock County Training School. The board was called to order shortly after half past three for the afternoon session.

Fisher Gave Talk. The county board was called to order at two-thirty o'clock yesterday by Chairman J. A. Paul, and after the calling of the roll, (there being two absent—Robert Bruhn and C. M. Smith, Jr.) the clerk, Howard E. Lee, reported that a quorum was present. The chairman then stated that J. L. Fisher had a few words to say to the board in regard to the sufferers of the recent storm which left so many of the people of Rock county destitute and upon taking the floor Mr. Fisher made very feelingly upon the need of immediate action for the relief of the destitute residents of the tornado swept district. A committee was then appointed to look after the distribution and the receiving of the money.

ACTIVE CAMPAIGN FOR RELIEF BEGUN BY TWILIGHT CLUB

COMMITTEE NAMED AT MEETING LAST NIGHT TO COLLECT FUND FOR CYCLONE RELIEF.

DISCUSS BOY PROBLEM

Various Phases of Boys' Activity Treated in Good Addresses—Rev. Goebel in Stirring Talk on Religious Training.

At the regular monthly meeting of the Twilight club at the Y. M. C. A. building last evening, an active campaign was begun for the collection of subscriptions to the cyclone relief fund. The matter was introduced by S. M. Smith who stated that the devastation of such a large portion of Rock county by the recent storm was a matter for the Twilight club as a representative body of Janesville business men, to profoundly consider.

Subscription Committee.
He believed that the matter of relief should be taken up by the members of the club who should respond as quickly as possible to the call for aid. Dr. Benton, leader of the meeting, endorsed the suggestion and on his call for additional expression of the club members in the matter, F. P. Starr moved that a committee of ten be named by the club to solicit subscriptions to aid those who were left in want by the ravages of the storm.

On motion of Mr. A. E. Matheson Mr. Starr was made chairman of this committee and was given the power to name the other nine members who will act with him in the matter. At the close of the meeting the following men were named: A. E. Matheson, George Buchholz, P. A. Taylor, J. H. Jones, T. O. Howe, S. M. Smith, George S. Parker, A. J. Gibbons, and George McKee.

Subject of Meeting.
The real subject for consideration last evening, "The Boy and How to Help Him," was a most interesting one and was treated in its various phases in a most comprehensive manner by the speakers.

Judge Chas. L. Elford in treating the topic "The Boy as a Delinquent," declared that under the present state law there was not a boy who at some time or other was not a delinquent. In his opinion the statute was too severe. Reformatories never performed the object of reforming, but reform should come before such institutions. Laws and measures should be taken to aid the boy early in life so that he will be made to realize what was to be expected of him. In this regard the speaker thought that the labor laws of the state were too strict in that they did not allow the boy enough latitude in the line of work, which was the best method of keeping the boy out of mischief.

Public Play Grounds.
"The Boy at Play" was the subject treated by Rev. H. C. Hazen. He emphasized the liberal tendency of all boys to seek company and to gather in gangs of one sort or another for good or for evil. The danger of this unregulated tendency was manifest on every side, and the only remedy available is to provide legitimate amusement, proper organization and leadership, so that the boys will be made to feel that they are indulging their love of play and the "gang spirit" along the right lines. In this connection the speaker advocated public play grounds as the most pressing need of all municipalities to regulate the usual tendencies on the part of the young people.

In the High School.
The boy in the high school was treated by Prof. H. C. Hazen. He indicated the place which the high school was supposed to fill, first taking the place of the old academy, and then later preparing the boy for all sorts of pursuits for college. He called the high school a great altar, in which the boy might find out his own personal aptitudes; whether he had the mental caliber and inclination to follow the courses which lead to the professions and higher forms of business, or whether his certain aptitudes led him to the trades and lower forms of employment. He believed there was a place for the trade school at the point where the boy found he did not care to extend his studies further along cultural lines.

Boy in Business.
"The Boy in Business" was the topic which was ably presented by Emil Haumerson. He presented some of the problems which the business world faced in the securing of this form of labor, and outlined some of the faults which were found with the boys which applied for positions. Regarding these he explained that the general tendency was for the boy with high mental efficiency to go further on in school, leaving the less

BREAKS UP A COLD IN SEVERAL HOURS

Most effective and harmless way to cure a severe cold and all Gripe misery.

There is not one grain of quinine in Pape's Cold Compound, which, when taken every two hours, until three consecutive doses are taken, will surely and the gripe and break up the most severe cold, either in the head, chest, back, stomach or limbs.

It promptly relieves the most miserable neuralgia pains, headache, dizziness, head and nose stuffed, sore throat, sneezing, sore throat, running of the nose, catarrhal affections, soreness, stiffness and rheumatic twinges.

Pape's Cold Compound is the result of three years' research at a cost of more than fifty thousand dollars, and contains no quinine, which was conclusively demonstrated to be ineffective in the treatment of colds or gripe.

Take this harmless Compound as directed, with the knowledge that there is no other medicine made anywhere else in the world, which will cure your cold or Gripe misery as promptly and without any other assistance or bad after-effects as a 25 cent package of Pape's Cold Compound, which any druggist in the world can supply.

active and intellectual boys for the jobs where they are wanted. In closing he indicated some of the ways in which the difficulties of the boys of this class might be surmounted.

The Religious Problem.
Rev. W. A. Goebel gave a very stirring address on "The Religious Education of the Boy." He deprecated the present day tendency of the public schools to entirely cut out the moral and religious training. The boy and the girl had a spirit, a soul, which was the main part of their being and whose education was of the paramount importance.

But instead of paying any attention to this in our schools, it is entirely neglected. The speaker pointed to the work which is being done by the Roman Catholic church in this regard, in which \$25,000,000 was being raised for the schools of the high school type in this country, and \$25,000,000 for schools and colleges of the university type. This was all being done by the Roman Catholics in addition to the support they are giving the public schools in the shape of taxes, so confident are they of the good which these institutions accomplish.

The speaker pointed to the fact that the Evangelical churches complained of the falling away of the men in their congregations. "Did you ever hear of such a thing in the Roman Catholic church?" asked the speaker. "A certain amount of hell and damnation, yes, and a large amount of it, must be taught in the schools to save the men of our congregations, and we save them."

The Boy Scouts.
M. P. Richardson addressed the meeting on the Boy Scout movement, and told of some of the things which it is accomplishing. He declared it was more than an organization—it was a movement with a definite purpose.

It seeks to supplement other organizations, the speaker said, and he recounted some of the work which is being done by the Scouts in this city.

The entire meeting was productive of a great deal of important ideas regarding the boy problem and should result in further action on the part of the people of Janesville.

LESLIE BOOKOUT IS NEW SCOUT MASTER

Commissioners Held Important Meeting Last Evening to Discuss Boy Scout Matters.

A meeting of the Scout Commissioners was held last evening in M. P. Richardson's office at which the question of selecting a Scout Master to take the place of the late Charles Reeder was discussed. The names of several gentlemen were mentioned and the committee today tendered the position to Leslie Bookout, who accepted it.

One of the needs of the Scouts is a place to meet and drill. Captain Hans Jooke, the drill master, is most anxious to start the drills again and is looking for a suitable drill hall for his boys. Requests will doubtless be made to some of the various orders throughout the city asking for the use of their halls for certain evenings in the month for this purpose.

The organization of a drum, bugle and bugle corps will be taken up at once. The Harry L. Clifford Camp of the United States War Veterans will secure the instruments and the boys will be taught to play them by competent teachers. This will make a valuable addition to the musical organizations of the city.

At the meeting yesterday it was also decided to hold another meeting on Monday afternoon next at the Gazette office, at four-thirty, at which the members of the municipal association of the city and the priests and pastors of the Catholic churches and other denominations, are to be asked to be present to discuss the Boy Scout movement and how to obtain the best results.

The members of the Scouts are requested to meet tomorrow evening at 4:30 at the United Spanish War Veterans' hall to organize the drum corps.

ALF. AUSTIN'S LOSS WAS WELL COVERED

Had \$10,000 Insurance Against Wind Which Covers Entire Damage—Other Lima News.

[SPECIAL TO THE GAZETTE]
Lima, Nov. 15.—Alf. Austin, who suffered most in the tornado of Saturday, was the only one who had insurance against wind and will receive \$10,000 from the American Company. Other losses are as follows: Mrs. Ansley, \$5,000; J. Godfrey, \$1,000; James Brady, \$1,500; H. Godfrey, \$500. Considerable damage was done in Hobron, also.

Other News.
Mrs. Sarah Hall of Whitewater and Mrs. Dora Barber of Kenosha spent Thursday with Mrs. Fred Gould and Friday with Mrs. Nora Bliphick.

Peter Bliphick was up from Milton Junction, Tuesday, to pay his necessities.

Miss Maggie Barz was down from Madison and spent over Sunday with her aunt, Mary Boyd.

CAMPAIGN FOR CITY RULE BY COMMISSION

Will Probably be Inaugurated at Meeting of Men's Club of Baptist Church This Evening.

The opening gun in a campaign to introduce the commission form of city government in Janesville will probably be fired at the meeting of the Men's Club of the Baptist church this evening. One of the speakers on the program who is a strong advocate of commission rule is expected to broach the subject, and it is quite probable that a petition will be started asking that the question be submitted to the people of Janesville.

This evening's meeting promises to be epoch-making in the history of the club and also in the history of the city. The topic of "Municipal Ownership of Waterworks" will be discussed more thoroughly than it has ever been heretofore. Mayor Nichols, who presented the arguments for municipal waterworks in Janesville at a recent meeting of the Twilight Club, has obtained a great deal of data and information from cities owning their water plants since that time. He will be assisted by Attorney Herbert Cunningham, Atty. O. E. Oestreich and E. C. Bailey will uphold the negative side of the question. Atty. Thomas Nolan will be leader of the meeting. After the formal talks have been given an open discussion will be held. The banquet which precedes the meeting will be served in the church parlors at 6:30 o'clock.

IMMENSE QUANTITY OF SUGAR BEETS RECEIVED

Factory is Kept Busy Night and Day Handling the Beets Received from The Farmers.

The sugar beet factory in this city is having one of the most successful seasons of its career this year and the full force is kept busy in the factory day and night. The crew that have charge of the unloading of the beets from the cars in which they are shipped have unloaded upwards of twelve hundred cars this far this season. This morning one hundred and twenty-five cars of the valuable product were awaiting hauling to the factory and were on the spur leading to the factory and on the extra track at the North-Western yards. They were strung along the spur for many hundreds of feet and passengers on the interurban were surprised at seeing such an immense quantity of the beets awaiting unloading.

In addition to this immense number of cars that have been unloaded at the factory, the farmers in the immediate vicinity have been hauling in their crop of beets by team and it is impossible to compute the number of tons that have been used or are waiting to be used at the present time, although a rough estimate of the quantity will surprise the many readers who do not realize what an immense quantity of sugar beets that have been handled thus far this year.

The shipments of the beets from other places over that Chicago, Milwaukee and St. Paul have necessitated the putting on of a crew and engine that look after nothing but the taking of the loaded cars to the factory and bring the empty ones back and also the finished product, of which many cars have already been shipped. It is a common sight to see a freight train from the north arrive with from fifteen to thirty cars of the beets.

The crew at the factory work the full twenty-four hours, the day crew working three weeks and then exchanging with the night crew. The force is larger than last year and the prospects are, at the present time, that the present season will prove the banner one.

It was reported at the beginning of the season that the crop was badly damaged by the rain which fell in such copious amounts but it was afterwards found that although a few were damaged, the balance were in the finest condition possible and that they would be converted into the best of sugar.

PLEADS NOT GUILTY TO CHARGE OF TRAPPING

Delance Fonda Gives One Hundred Dollar Bond for His Appearance in Court November 24.

STATEMENT ABOUT RE-MARKABLE TONIC

Pittsburg Man Speaks of Tona Vita and Its Splendid Effect.

Among many statements recently made by prominent Pittsburgers in connection with "Tona Vita," the remarkable new tonic which is now being sold for the first time in Janesville by the Smith Drug Company, is the following by Daniel T. Coffey, a news dealer and select cellerman from the Third ward, Pittsburg, Mr. Coffey says:

"The nature of my business frequently necessitates irregularity with sleep and eating. As a result, I was recently attacked with bad headaches and disorders of the digestive organs. My head and stomach gave me considerable trouble. I also found it hard to get as much rest from my sleep as I ought to get. I would become fatigued more readily than during my previous good health and it was difficult to get relief. I had tried other means to restore me to my normal condition without result, when a friend suggested that I try a bottle of 'Tona Vita.' I took his advice and am glad I did. My appetite improved immediately. My headaches became less frequent and finally disappeared. My stomach is now in perfect condition."

"I consider 'Tona Vita' about the best tonic I ever used, and am pleased to have this opportunity of recommending it to my friends, or anyone who might be in need of a preparation of this sort to build up the system, or correct the effects of any irregularities which may interfere with his health. It made me eat and sleep better than I had eaten and slept for a long time, and after taking it I got more benefit from food and rest than I ever got before. Judging from my experience, I regard 'Tona Vita' as the best of all medicines."

No name in the state of Pennsylvania stands higher for honesty and integrity than that of Daniel T. Coffey. He has been true to every trust reposed in him and is considered a man of sound judgment. Mr. Coffey was a victim of nervous debility, and "Tona Vita" means a positive relief from this complaint. Nervous debility is produced in thousands by the strain of modern methods of living. Chief among the symptoms are: Lack of energy, stomach trouble, nervousness, depression of spirits, little vitality, headaches, dull pain in the back, poor circulation, cold feet, dizzy spells and unquiet sleep.

Loe's Rheubarb Laxative, the attendant remedy, is indispensable, as it overcomes chronic constipation. It is a good laxative for children.

TOURISTS ORGANIZE BASKETBALL TEAM

Will Play Evansville Y. M. C. A. Friday—Small Schedule Arranged For Thanksgiving Week.

Another basketball team has been organized under the name of "The Tourists," which will open its season of out-of-town games Friday night when they play Evansville Y. M. C. A., at Evansville. This team plays no games at home and last year traveled through the southern part of Wisconsin and the northern part of Illinois under the name of "The Maroons." They have already made a small schedule for Thanksgiving week which will take them to Prosser, Ill., Muscatine, Ia., and Waterloo, Ia. Green and Golden will play forward at Evansville Friday night while Booth and Fleming will play guards and Fleming is billed to hold center position. The team is working well together and are planning to make even a better record than they made last year.

PROFESSIONALISM IS THE CHARGE BROUGHT

University of Wisconsin Has Affidavits to Prove Captain Pickering Played Baseball For Money.

(SPECIAL TO THE GAZETTE)
Madison, Wis., Nov. 15.—Armed with affidavits tending to show professional baseball on the part of Captain Pickering, Stevens and one other member of the Minnesota football team, Director George W. Ehler of the Wisconsin athletic department, started for Minneapolis this morning. It is said Coach Stange filed the same protest prior to the recent Minnesota game, but that it arrived too late to have any effect. Stange is said to have informed Coach Richards of the facts, who in turn told them before Director Ehler.

Ask Investigation.
Minneapolis, Minn., Nov. 15.—The University of Minnesota has withdrawn Captain Pickering from Wisconsin's game on Saturday, and will investigate his standing. Minnesota asks an investigation of Mott, Tandberg, Macmillan and Hoeftel of Wisconsin.

TOKENS TO MEMBERS OF LAWRENCE TEAM

Sixteen Football Players Honored With Gold Watch Fobs As Well As Monogram Sweaters.

(SPECIAL TO THE GAZETTE)
Appleton, Wis., Nov. 15.—For winning the collegiate championship of Wisconsin the sixteen members of Lawrence college football team who earned their "L" will not only receive fine sweaters, but solid gold football watch fobs, which will be engraved with the name and position of the owner and "College of Champions of Wisconsin, 1911." Lawrence College 100, Opponents 0. The blue sweaters will have a white "L" and a white star for each year the player earned an "L."

The players who will receive the "L" sweater and gold watch charms, Verne, Minn.; Charles Shelley, Mattoon; W. W. Smith, Sleepy Eye, Minn.; Chester Roberts, Brimwood; Walter Eck and Leslie Duket, Marinette; Wylie Sampson, Wausau; Earl, Ralph and Walter Tippet, Appleton; Robert Wiley, Chippewa Falls; Elmer Abramson and Clyde Swors, Sparta; Vaughn, Winslow, Ill.; and Robert Harness, Menasha.

It was the spirit shown by the players in the game with Ripon last Saturday which made it possible for Coach Catlin to build up such a perfect machine and win the championship. The boys worked together like a machine, no effort being made to win individual honors, and every man on the team was ready to enter or leave the game at the word from the coach.

The third quarter of the game Saturday, Wiley was slightly injured and for a time it appeared he would have to be taken out which would send Johnson to quarter and Ewers in at end. Catlin had intended to send Ewers in for Earl Tippet and told him to get ready, but just when Wiley was hurt and if Tippet went out he could not be returned. Ewers is a freshman who reported for practice late in the season and had substituted in two games and unless he played Saturday would not earn his "L."

Coach Catlin started to explain the situation to him and he said: "The boys playing great ball, don't make any change until you have to. I can probably be riding an 'L' next year." But Catlin knew what it meant to come so close and not get the "L" and sent him in for Tippet and he more than made good.

The same spirit was shown by "Hot" Harness, of Menasha, who had been out for practice every day during the football season since he entered the Lawrence academy seven years ago, but had never gotten to play in a game until last fall when he substituted once. He worked hard to help to develop the other players and this year substituted in the Carroll and the lot games and Saturday was the last game of his college career and his last chance to earn an "L." Catlin knew that when he told Harness to relieve Smith in the final quarter he realized, "No, he is outplaying his man, let him finish the game," and it was not until Smith insisted that he was injured, that Harness would take his place and win the coveted "L."

The weather was against Lawrence this year, not a single game being played on a dry field where the backs could show their wonderful speed, but at that the champions scored, including the two points for the game forfeited by Northwestern. Just an even one hundred points while their opponents were not able to score.

The chances for another championship team next year were never brighter is shown by the fact that Catlin will have only four of the sixteen "L" men, Roberts, Shelley, Harness and Vaughn, who will be graduated in June. Johnson, Sampson and Ralph Tippet are juniors and have another year to play; Smith, Earl Tippet and Nevel are sophomores; and Eck, Wiley, Abramson, Ewers, Walter Tippet and Duket are all freshmen, thus giving Lawrence a team of experienced players to start with next season.

It is doubtful if another championship team in the middle west ever had so many freshmen as Lawrence did this season, six first year men earning their "L." Likewise it is doubtful if three brothers ever played on a college team together as did the Times boys; and Lawrence established still another record Saturday by scoring the first touchdown in less than ten seconds.

Hoisting the Colors.
On a British warship, the biggest ceremonial of the day is the hoisting of the colors at daybreak. Then the band plays the national anthem and the whole ship's company turns out and salutes. The hauling down of the flag at sunset is a secondary ceremony.

Had No Use for the Scythe.

Daniel Webster's father meant him for a farmer. Taking him out in the hay field, Daniel just tinkered with his scythe—it hung too far out, it hung too far in, and no matter how the father fixed the scythe, it did not hang to suit Daniel, until in despair the father cried: "Daniel, get out of this field and hang the scythe to suit yourself." Daniel hung it on a tree, with the remark: "There it hangs to suit me."

Olive Trees.

Olive trees live 4,000 years. Some trees on Mount Olivet are 3,000 years old. Fine wood; takes hard, high polish. The largest olive ranch in the world is in Los Angeles, Cal.; ten times bigger than any in Spain. Olive groves in California were planted by Spanish fathers several hundred years ago.

Unfounded Suspicion.

"You don't look as if you'd ever had anything to do with water in all your born days," said the hard-favored woman standing inside the kitchen door. "Nevertheless, ma'am," replied Tufford Knutt, stiffening himself up and spending in a tone of insulted dignity, "when I was a young man I run a ferry for a whole year!"—Youth's Companion.

Office over Hall & Sayles.

FOUR AUTOS CARRY
RELIEF TO STORM
SUFFERERS TODAY

CARS LEFT GAZETTE OFFICE
THIS MORNING AT ELEVEN AS
RELIEF FLYING SQUADRON.

A GENEROUS RESPONSE

Starting Last Evening Until Cars Left,
Packages of Clothing, Warm
Coats, Blankets, Quilts Came
in by Hundreds.

Janesville's first relief squadron, four autos packed to the guards with bed clothing, warm coats, women's dresses, children's clothing, overcoats, in fact everything available, left the Gazette office at eleven this morning for the storm-stricken district.

The response to the appeal for aid, both financial and for clothing and bedding, was answered in a wonderful manner. Hardly had the Gazette reached the homes about the city before the steady streams of donations began reaching the office. By half past ten this morning one half of the front office of the Gazette was a busy place.

J. L. Fisher had accepted the charge of the distribution of the donations and Frank Roach, a member of the Relief committee of the county board, was on hand, armed with a check book to head the head of each family that needed immediate financial aid. A check for fifty dollars. Not only was the response for clothing, warm blankets and quilts responded to but all of the four autos were donated by generous citizens.

Leslie Davis of the Y and Davis Company offered his big car to the committee and was on hand at ten to start loading. Miss Ida Harris and her large car were ready to aid in the carrying of the woman's winter apparel. Mrs. Stanley Smith's hand, some car with driver was on hand and S. L. Carle's big touring car, capable of holding a half wagon load of packages was loaded to the brim.

In the first car was John L. Fisher, Frank Roach, Leslie Davis, driver, Combs Joffis, Jr., Ray Fish, driver, the third car that of Mr. Charles McLaughlin, W. E. Hall, driver, and Mrs. Stanley Smith's car brought up the rear of the procession, leaving the Gazette office.

The material contributed was divided into different women's clothing in a second, bedding in a third and children's and the general overflow in the fourth. The caravan started first up the river road, to make a hurried trip through the district between this city and Milton, and thence out into the Hanover and Orfordville district where the ravages of the storm were the worst.

It would have done anyone's heart good to see the huge pile of material sent to the Gazette office that went on the first flying trip. It showed the spirit of the citizens of Janesville in their ready response to the appeal for aid. It taught a lesson to all and the spirit with which the parcels were brought to the office expressed really more than the intrinsic value of the contents.

Old men tottering down town with their bundles. School children hurrying on their way to school. Boys bringing packages; women with shawls over their heads; antique with packages; bundles stopping to unload their contributions; all endowed with the same spirit of Christianity that has marked the whole question of relieving the matter of aid for the unfortunate.

GIVES EXPLANATION
OF TORNADO CAUSE

Prof. Arbutnot, Tells High School
Students Why Saturday's Cata-
strophe Occurred.

Owing to the recent tornado that swept through Rock county last Saturday questions have arisen in the minds of everyone as to the cause of this disturbance. Prof. Arbutnot, instructor in science at the local school, endeavored to explain the causes from a scientific point to the students of the high school, this morning.

He stated that in general tornadoes travel in a northeast direction and that the width of the strip which they devastate varies from a few yards to a quarter of a mile, never more. It is caused by a mass of air, about twenty or thirty miles an hour and lasts from a few minutes to an hour. These facts all are characteristics of the recent tornado. A characteristic of this sort is always preceded by a warm wave such as we had on Saturday. As a warm and moist air is very much lighter than the cool, dry air above it the layer of air next to the ground tries to rise.

Just as soon as some disturbance starts it is moving up then the heavier air pushes it along and an upward current is started. Immediately all of the warm layer is forced from all the vicinity within a radius of many miles and makes its exit through the center of the tornado which has resulted. The current which passes upward, traveling at a rate of ninety or a hundred miles an hour and exerts a force of from a hundred to a hundred and fifty pounds to the square foot. There is nothing which will resist this. As long as there is a warmer current on the lower level, the tornado will last. And as soon as the tornado is spent a very cool wave will follow.

MISCELLANEOUS SHOWER
FOR RICHARDS KATZMARCK

The Misses Cara and Pauline Olsen
Entertained in Her Honor
Last Evening.

The Misses Cara and Pauline Olsen entertained a number of friends last evening at the home of Mrs. George Schaller for Miss Francis Katzmarck. She was given a shower of miscellaneous articles. A delicious four-course supper was served and the evening was spent in games and music. The bride-to-be was the recipient of many beautiful gifts.

HANG-OVER SPEAKS
LOUDER THAN WORDS

Prisoner Says He Wasn't Very Full
But His Appearance and Con-
duct Boded Him.

"I wasn't very drunk," said Arthur Manthe this morning after Judge Field read him the warrant and with some pains was able to make him understand it. Manthe was dazed and could hardly comprehend what was spoken to him.

"Well, then," said the judge, "how did you happen to come here?"
"Because I was tired," replied the prisoner.

As Manthe would not plead guilty, Childs applied for a writ of habeas corpus and that a physician had been called to attend him this morning for "whiskey flu." Judge Field gave Manthe a ten days' sentence. The latter said he came here from Arlington to get work.

Jack Dooley was arrested again last night at his home and after pleading guilty was given a ten days' sentence. Dooley has family troubles when he is not in jail, and complained this morning that he "wasn't allowed to speak a word at home." Judge Field told him that if he couldn't keep out of trouble when at home to stay away.

BIG MASS MEETING

TWILIGHT CLUB'S SPECIAL STORM
SUFFERERS COMMITTEE IS.
SUES CALL.

WILL DISCUSS PLANS

For Raising Funds for Relief of the
Sufferers From the Storm of Last
Saturday.

At the meeting of the Twilight club last evening it was decided to name a special committee to arrange for the raising of funds for the financial relief of the sufferers from last Saturday's storm. At a meeting of this committee this morning it was decided to call a mass meeting of citizens for tomorrow evening at seven-thirty at the City Hall where such plans may be discussed.

The committee consists of George S. Parker, A. E. Matheson, G. O. Hutchins, F. A. Taylor, J. H. Jones, C. A. Mudgett, S. M. Smith, A. J. Gibbons, and William Squires. The mass meeting tomorrow evening will discuss plans for raising and disbursing the funds obtained and it is hoped that there will be a large attendance of citizens generally.

This movement is separate from the fund being raised to be turned over to the committee appointed by the county board to handle the disbursement, but it planned that they work in conjunction with the county committee to whom all funds left at the Gazette office will be transferred as fast as received.

HEAVY VOTING CAUSES MANY CHANGES IN THE CANDIDATES' STANDING

Interest Now Centers on This Great Event—Still
Time to Nominate Yourself or Favorite.
Six Weeks Remain

NAMES TO BE WITHDRAWN

In Next Saturday's Issue Names of Candidates
Credited With Less Than Five Thousand
Votes Will Be Withdrawn

The heavy voting of last Saturday has caused many interesting changes in the standing of the candidates in this coming issue. Thousands of votes were received. They came from all sections of the territory embraced and show that readers are picking their favorite candidates and are voting liberally.

The candidate who really would appreciate an automobile is the candidate who is now asking her friends to assist her. She is doing this by telephone, letter and personal call. She will get them interested in saving their coupons and nomination blanks for her, and a little later on these friends will also make their subscription payments to her.

It is now time for every candidate to show her friends that she is interested and who will be surprised at the ease in which the votes come her way.

The elegant prizes offered have surely met the approval of all candidates and their friends. In fact, we feel that a more desirable selection could not have been made.

The Overland is just the automobile for a lady to drive. The up-keep expense is very light and any person can afford to own it.

Remember, each district is to receive one piano, one diamond ring, one scholarship and one watch. The conditions and division of territory are equal and the time of awarding is not far distant—December 23, 1913, is the date.

Each candidate should have a receipt book, then her friends can make their payments directly to her. If you have not one, write the Campaign Manager.

Decreased Scale of Votes.
Candidates should note the explanation regarding the decreased scale of votes, and be governed accordingly. This is thoroughly explained in the announcement accompanying the nomination blank and the coupon, and means that the regular votes given on payments made after Nov. 18, will be decreased and not the votes given during this week.

The Prizes.
The three diamond rings to be given have been purchased of the Hall & Mayles jewelry store of this city and they will be in their display window in the near future. These diamonds are each of \$80 valuation, guaranteed, and are perfect white stones. Call at the Hall & Mayles jewelry store and inspect them.

The three watches have been purchased of the W. W. Grant & Co. jewelry store. These watches are 15 Jewel Elgin movements, enclosed in solid gold and may be inspected at the W. W. Grant & Co. jewelry store.

The three scholarships have been purchased of the Janesville Business College. These scholarships may be used either in the Janesville or Beloit business colleges.

Future Orders.
Don't give up a party in a subscription, city or country, simply because he is taking some other paper and paid in advance for it. Take his subscription to The Gazette and when his subscription expires on the other paper he will begin to receive The Gazette.

Weekly Gazette.
Any subscriber now taking the Weekly Gazette may by paying up their arrears on the weekly start The Daily Gazette and all such subscriptions will be classed as New Daily subscribers and votes issued accordingly.

Subscription Books.
Candidates and their friends are privileged to accept payments on subscriptions and in order that they may receive for such payments we will provide them with a receipt book if they will inform the campaign department.

Open Evenings.
For the benefit of those who can not call during regular office hours, the campaign department will remain open until 8 p. m. each week day evening.

THE THEATERS

Dockstader's Minstrels.
Low Dockstader and his own Great Minstrels will be seen at the Myers Theatre, Wednesday, Nov. 15. It is an absolute fact that the genial Low is always pulling some new stunt, and this season he is living up to his reputation by introducing Roy La Pearl, the man with the biggest musical voice in the world, who will sing from the roof of the Myers Hotel at high noon. La Pearl is one of the Harbison soloists with Dockstader's Minstrels, and has a voice of most remarkable power. Dockstader's band will be at the building, and the band on the ground below. La Pearl has sung from the high tower at Luna Park, Coney Island, the roof of the Marvino Building in Chicago and from atop numerous skyscrapers throughout the country.

adapted to the character of the program presented. The concerts given by Sousa and his band have always been regarded as ideal musical entertainments. The management has made it a rule in preparing for the concert tours, to present each season, special soloists, both vocal and instrumentalists. For the present season much satisfaction is forecast in presenting the artistic balance of the organization. These are Miss Virginia Root, a soprano with a voice of rare freshness and purity, and Miss Nicola Zedeler, a violinist of reputation. Mr. Horbert L. Clarke, the cornet virtuoso, is with the band. A cornet soloist he is without a peer. Sousa and his band are announced to give one concert here at the Myers Theatre on Saturday evening, Nov. 15.

Thinking Pleasant Things.
Make yourselves nests of pleasant thoughts. None of us yet knows, for none of us has been taught in early youth, what fairy palaces we may build of beautiful thoughts, proof against all adversity—bright fancies, satisfied memories, noble histories, faithful sayings, treasure houses of precious and useful thoughts, which can not disturb, nor pain make gloomy, nor poverty take away from us—houses built without hands for our souls to live in.—John Ruskin

One of The Best Things

That could be picked from the many good things in Janesville, is the strongly marked pride in everything that has to do with the city. This is the finest foundation in the world on which to build the spirit which will carry Janesville to the top. But, in the up ward movement, it would be well to center our pride on our home industries. Be solicitous about them. Boost them. Read about them here.

WEATHER CONDITIONS.
The atmospheric disturbance that was moving over the Missouri valley toward the east yesterday morning has advanced rapidly to the Atlantic coast. It was attended by snowfall pretty generally throughout the Lake region and the East.
It has been followed by a colder area in the Northwest. Zero temperatures prevailed in northern Minnesota, North Dakota and Montana, and the Canadian Northwest this morning.

WILL TAKE APPEAL IN PACKERS' CASE HOWEVER DECIDED

No Matter What Judge Kohlsaat Decides Case Will Go To Higher Court—Will Cause Delay.

Chicago, Nov. 15.—It was learned today that if Judge Kohlsaat tomorrow decides the habeas corpus case in favor of the meat packers, District Attorney Wilkerson will appeal to the supreme court. If the decision is against the packers the counsel of the indicted men will carry the case to the higher court. In any event the whole affair will be delayed a long time.

USES BARRELS OF SALT TO HASTEN STREET PAVING

Contractor Schnell Using Artificial Means to Thaw Frozen Ground on Academy Street.

Several barrels of coarse salt were sprinkled over the brick laid between the railway tracks on Academy street by contractor Schnell's force this morning in order to thaw the brick from the grade to which they were frozen and permit them to be tamped into position. The salt seemed to be doing what was required of it for this noon many of them had been loosened. With the exception of a gap of a few feet at the intersection of Wall street the space between the tracks has been filled in as far as the Northwestern tracks and teams will soon be able to drive up to the station.

Men Write and Women Keep.

It is one of the settled facts in the history of love letters that men will write and women will keep. A woman cherishes her love letters as she cherishes her mirror or her powder puff. She carries them in her satchel and reads them in the twopenny tube. She ties them in blue ribbons and perfumes them with violet de Parie. She kisses them before she goes to bed and presses them to her bosom before she does her hair up in the morning. She reads them for weeks and knows where to find them for years; and about the only safe thing the man who has written them can do is to marry her.

Wasted Friends' Time.
A young American matron living in London recently wrote home for socks for her oldest, of a kind which she could not find over there. After several days of shopping, or rather questioning without result, the kind desired was found, and stamped on each were the words "Made in England."

Two Eccentric Wills.

Where We Fall Down.
Lola Hunt: Few people, rich or poor, make the most of what they possess. In their anxiety to increase the amount of means for future enjoyment they are too apt to lose sight of the capability of them for the present.

Vegetable's Development.
Cabbage, in its many varieties, has been developed from a single wild growth called Brassica Oleracea, which in its wild state is very remote in appearance from our cabbage. Kale, cauliflower and collards come from the same origin. The principal cultivated varieties of all these are known to have existed as far back as the sixteenth century. Cabbage, however, is an infant compared to lettuce, though why a man would take to lettuce first, when he could have cabbage or both just as well, seems singular.

Effect of Mind on Matter.
Heavy thoughts bring on physical maladies; when the soul is oppressed so is the body. When cares, heavy cogitations, sorrows and passions superabound they weaken the body, which, without the soul, is dead, or like a horse without a driver. But when the heart is at rest and quiet, then it takes care of the body and gives it what pertains thereto. Therefore we ought to abandon and resist anxious thoughts by all possible means.—Luther's Table Talk.

Production of Quicksilver.

TODAY'S EVANSVILLE NEWS

Evansville, Nov. 15.—The Pythian sisters and a number of their friends gave a very enjoyable mask party and spread in the lodge rooms last evening. There were about thirty-five present. Among the characters represented were: "Nigert," in all the blackness and profusion of silver stars; two charming negro maids; a couple of "country consens"; "Uncle Sam," in all his patriotism; a clown; two old ladies with their fans and very prominent, work bags; a very charming young lady in white, and many others, who were well represented and carried out their parts very well. A grand march was given before unmasking, led by Alma Higgins, and "Night," and "France Searles," as "Aunt Samantha from the Country."

Following the grand march the characters unmasked and much merriment was caused to see who was who. Next came a prize drawing contest. Every person was given a pencil and paper and was told to draw some person present. When all were complete they were put on exhibition and voted upon. Many were very good of the people present.

Now a very delicious luncheon was served and the following menu was given:
An Old Soldier's Friend.
A Nodded Island.
A Perplexity.
When You and I Were Young.
What a Lover Calls His Sweetheart.
A Chip Off the Old Block.

The remainder of the evening was spent in a social chat, and all present report a very good time.

Personal News.
The Young People's Reading Circle held their first meeting Monday evening in the pastor's study at the Congregational church. The new book taken up for this year's reading and discussion was "India's Awakening."

Two chapters were read and discussed. Popcorn was served and although there were only about a dozen present, a good time was had by all.

The Misses Bewick and De Ette Morrison entertained about eighteen members of the Kensington club at their home last evening. The evening was spent in embroidery. Delightful refreshments of brick tea, cream, cake and wafers were served.

Friday evening the Janesville "Tourists" will play basketball here with the first team of the Y. M. C. A. This tourists are probably the fastest team that has ever played here, so that every one that wishes to see an extra good game of basketball, he sure and be present.

Miss Winifred Van Vleet visited her mother, Mrs. D. Van Vleet of this place, the first of the week.

CHIROPRACTIC

(KI-RO-PRAK-TIK)

A perfect spine insures perfect health. An imperfect spine causes disease. Your health is indicated by the kind of spine you have. Because you have no pain in your back is no proof your back bone is in perfect order. If a nerve connected with the stomach is pinched at the spine the stomach will be diseased. If the nerves supplying the heart are pinched or stretched, the heart will be diseased. This is true of all other organs and tissues.

Your spine may not be noticeably deformed to the eye or even to the touch of the untrained person, but remember he is not a spine specialist. However slight the deformity the Chiropractor will discover it and correct it.

Chiropractic (Ki-ro-prac-tic) adjustments, by restoring normal action to the nerves supply new life force to weakened ligaments and muscles; displaced organs resume their normal position; inflammation subsides; abnormal tissue growths are removed without the use of the knife.

There is a first cause for every pain in the body. The sooner you have the cause removed, the easier and quicker you will get well. Have the cause removed so nature can cure.

HEART AND HOME TALKS

BY BARBARA BOYD

Flinging Life Out Effectively.

IN describing certain men, a writer used the phrase, "Flinging their lives out with force and effectiveness along the lines of their bent." What an inspiring picture of useful, buoyant, joyous living! Why shouldn't we all live that way?

Many of us walk listlessly through life. Some trudge grimly or resignedly. Others go pessimistically, or grouchy, or wearily. Some meander. Others step briskly enough, but they never seem to get anywhere. But these spoken of by the writer are pictured as happy and accomplished.

The key is no doubt in those few words, "Along the lines of their bent." They find out what they want to do, and then they go at it with a will. They are not afraid to fling their lives out. Indeed, they enjoy doing it. And they are not only a success themselves, but very content with them is an inspiration. They create about them an atmosphere of energy and buoyancy and cheerfulness, that is a tonic to all who come within the influence of it.

This is the true way to live. We should not creep through life, nor go forward with sorrowful feet, nor dilly dally nor dawdle. We should step briskly with a song on our lips. And we will, if we march in step to the music of the spheres. For there is a harmony running through the universe, and if we tune our lives to it, we will then fling them out effectively, and with force, because of the sheer joy of living.

And in each one is the voice, if he will listen to it, that will tell him in which direction to go. A strain of the divine harmony is in every heart. The spirit rises like a lark and sings at the thought of certain work, of living up to certain ideals, of achieving certain ambitions. This is the voice that is telling us which way to go. This is the strain that is in tune with the great harmony, and which, if we heed it, will make our lives "one grand, sweet song."

The trouble is many of us do not listen to it. We say we cannot follow where it leads, that there are too many difficulties, too many obstacles. But these things do not exist where harmony rules, and we would find that they would melt away, that in all probability they are of our own making, that they have no existence outside of our own creation of them. And if we would essay the path, we would find it free of obstructions and full of beauty.

And if we do not, the music within grows fainter and fainter; or, rather perhaps, our ears become dulled, and we fail to hear it. And as the music of living goes out of our life, our step becomes listless, or weary, or sorrowful. Our life loses the force we might have. We plod. But it is as worthless while, so joyous a thing, to fling our life out with force and effectiveness, that we should try to recover the strain, if we have lost it, tune our life to its harmony, and go forward with joy.

SUGGESTION FOR AFTERNOON GOWN.

Above model shows a new treatment of the fashionable little bolero. The bodice is made short-waisted, with surplus front, finished at bottom of the material, which feature gives the bolero effect. Lace insertion and facings are profusely used for decorative purposes, and the opening between surplus pieces is filled in with a shield of the material trimmed with small buttons.

UP-TO-DATE HOUSEKEEPING.

Transformed Kitchens—Small Rooms—Labor Saving Devices—No Range.

By Alice E. Whitaker.

The elimination of the kitchen may come even though we must continue to eat. This prophecy is almost true in the case of the woman who has thought deeply and long over the poorly kept homes whose dilapidated and incompetent helpers run things and no one is satisfied. She resolves to reduce the kitchen work, exclusive of laundry, to the lowest terms consistent with comfort and to the amount that she could do with her own hands. She dresses as neatly as if she were in an office or teaching school. Her oak kitchen cabinet containing utensils and food materials is as good to look at as a roll top desk, while a two burner gas stove and one of the most improved fireless cookers make a range needless.

A small oak refrigerator, known as the apartment house style, completes the outfit and all but the cooking stand in what was originally a pantry opening from the dining room and which has a window and a small sink. The good looking piece of furniture is a gas no heat steam or smoke into the room. It is placed in the dining room handily near the pantry door.

Another woman inspired by the same wish with the first one gets through with her cooking in fitting up a small room. She has substituted a small flat top oak desk for the kitchen cabinet; across one end of the top is a two-burner covered alcohol stove which with a cover looks quite like a typewriter. Beside it stands a two compartment fireless cooker and at one side a small refrigerator. With this arrangement it will be easy to get meals for two or even four people. The old fashioned housekeeper will wonder how it can be done but there are many excellent books that no longer need be read taken by day as for instance by fireless cookery dishwashing is made easy.

Aluminum cooking utensils are light and as easily kept clean as a china plate. The muffins will rise as well if mixed in a pretty dish and baked between two hot stone plates shut up in a box as if the cook had used a heavy yellow bowl and blackened and heated herself tending a coal fire built to heat the oven.

The kitchen, once the family sitting room, cook room and laundry is now used merely as a place for cooking and dishwashing. A stove is not needed for furnishing heat which can be supplied as well from the general heater either by register or radiator.

Greater knowledge of sanitation shows the unhealthfulness of doing the family laundry where food is prepared and in these days no one enters to eat in the presence of a hot kitchen range and the visible signs of preparing a meal. Hence the small room is sufficient for kitchen work.

With high rents, store rooms are out of the question and many a small house or apartment is now built without a pantry. It is often more economical not to have one.

Some one may comment that this savors of light housekeeping and so it does. But if the burden can be lightened without lowering the standard of living why not do light housekeeping? Women expect nothing in this world, with the exception of housekeeping, to be done for them. Fifty years ago yet many of them cling to their burdens with a sacrificial spirit. They are prone to look forward.

It is undoubtedly the duty for most women to do the cooking for their families, yet a large number will deny that they should assume this responsibility willingly or without protest. They quail before the implied drudgery. But in taking this attitude they condescend to living in their grandmother's day. With the progressive example of all the other trades women ought

BUTTERMILK DISHES.

To keep up the interest in living every little while some new specific for proteolysis, now known as the tissues and preserving beauty springs into popular favor. Buttermilk and sour milk have both been highly praised, and science is experimenting to prove the wonderful tales. For years buttermilk has been recommended by physicians for people troubled with gout, rheumatism or liver troubles. Many times those who cannot retain sweet milk and buttermilk most satisfactory. A glass of food buttermilk with a sandwich makes a most satisfying and wholesome luncheon. Buttermilk may be used in place of sour milk in cooking, making a richer and finer-grained product. For those fond of buttermilk, the buttermilk soup is a great delicacy. Heat a quart of buttermilk until nearly boiling; do not let it boil or it will curdle. Pour over three well-beaten eggs, season with salt and sugar and serve with a grating of nutmeg on top of each soup plate.

Buttermilk Ginger Cake.—Take a cup of molasses, one well-beaten egg, two-thirds of a cup of buttermilk, a third of a cup of melted shortening, two teaspoonfuls of soda, spices to taste and flour enough to make a batter not too stiff, when it drops like a veil from the spoon it is sufficiently thick.

Buttermilk Spice Cake.—Take two cups of light brown sugar, one-half cup of butter, two cups of buttermilk, two teaspoonfuls of soda, teaspoonful of cinnamon, half a teaspoonful of cloves, a pinch of ginger and a grating of nutmeg, two eggs, a cupful each of raisins and currants and sufficient flour to make a heavy batter. The fruit will cause it to fall if it is not stiff enough.

Buttermilk Cookies.—Cream one cup of butter, add two cups of sugar, a cup of buttermilk, a teaspoonful of soda, nutmeg to taste, and sufficient flour to roll. Roll very thin and bake in a hot oven.

Buttermilk heated hot, and adding noodles is another favorite soup.

CURIOUS BITS OF HISTORY

HOW FLIES PROMOTED AMERICAN INDEPENDENCE.

By A. W. MACY.

It seems peculiar that flies should have assisted in the signing of the Declaration of Independence, yet such was the case. The only man who signed the Declaration on the day it was passed was the president of the convention, John Hancock, who said as he signed it, "There! John Bull can see my name without spectacles!" Most of the signers affixed their signatures a month later, on August 2. While they were gathered around the desk waiting for a nearby livery stable swarmed into the hall through the open windows and mercilessly assailed the silk-stockinged legs of the honorable members. Handkerchiefs in hand, they lashed the flies with such vigor as they could command on a sultry summer day. Despite their efforts, the annoyance at length became well-nigh intolerable, and the members made haste to bring the momentous business to a close. The authority for this bit of history is no less a personage than the author of the Declaration, Thomas Jefferson himself.

EXPERIMENTS WITH RICE.

A lot of 12 chickens was fed upon unpolished rice, and another lot of 12 upon polished rice. Between the 80th and 70th days eight cases of beriberi appeared among those fed upon polished rice and in a few weeks they began to die, while those fed upon unpolished rice remained healthy. Similar experiments were made upon other lots of fowls with similar results—as reported in a public health report issued by the United States government. After producing the disease by feeding upon polished rice, the affected chickens were fed upon unpolished rice and recovered. Those fed upon unpolished rice were furnished the ordinary polished rice and contracted the disease. The Japanese and Chinese in America do not use the polished rice of commerce. There is no good reason for supplying rice by removing the outer coating. The unpolished rice would be obtained cheaper if there were sufficient demand for it. No one who realizes the difference will use the polished rice.

SAVING BABIES.

IN ALL the discussion of rice milk not enough emphasis has been given to the saving of the children that are born and preventing the enormous waste of life that costs so much to bring into the world and whose going out is the cause of so much anguish.

A thousand babies saved in one city in one summer, think of that! For several years past the Health Department, Milk Committee, Nurses' Settlement, Diet Kitchen Association, Nathan Strauss Depots, and other milk dispensaries, have been working in more or less unrelated ways and with scattered energies to save the babies of New York City.

This year the city itself appropriated \$10,000 for milk depots in addition to that appropriated for milk inspection, and all the work has been organized and welded together for greater efficiency. Eighty depots have been established to supply clean milk, and give instruction to mothers in the care of babies; nurses have been employed to make house-to-house visits, and policemen were told to spread the knowledge of the milk depots among the mothers in the congested districts.

The aid of older children has been enlisted, because in many families the older girls have almost entire charge of the baby brothers and sisters. Two hundred and thirty-five "Little Mothers' Leagues" of girls from 12 to 14 years of age, have been organized. What preparation for future motherhood!

The newspapers have helped and the Health Department has issued the first bulletin of instruction. The result? The record, up to about the first of September, showed that the loss of babies last year from all causes was 1,991 less than 1910, and deaths from diarrheal causes had been reduced 661. This is not chance. In nine wards of Brooklyn, where there are no milk stations, infant deaths were only two per cent less during May and June than in 1910.

ELKS TO GATHER ON GREEN PASTURES IN A GENERAL ROUND-UP

Social Session This Evening at Club Rooms at Which Low Docketster and Company Will Be Guests.

All Elks will gather this evening at the club rooms to feed in the Green Pastures of Elkdom with Brother Low Docketster and members of his company who belong to the order. Exalted Ruler T. E. Welch has passed the glad tidings along the line that the antlered herd will have one big time that will be long remembered.

The social part of the evening will not begin until the performance of the musical company in the Myers theatre is over and then the club rooms will be thrown open to fun and merriment. Members of the order from nearby cities are planning to be present and it promises to be a gala evening for all Elks.

It is strictly a stag affair. Steward Lynch has been ordered to prepare for a buffet luncheon and will have it all set out when the guests of the evening arrive. Those who were fortunate to attend the "Night in Bohemia" when the Flower of the Ranch appeared here several years ago will be sure not to miss tonight's gathering. This is the first of many similar evenings that the exalted ruler and House committee plan for the present year. All Elks will be welcomed and it is expected it will be a gala night in the history of local Elkdom.

COMPLETING REPAIR OF TELEPHONE LINES

Telegraph Companies Also Rushing Work—Large Crews of Men Sent Out Into Country.

By tonight the repair of the telephone and telegraph lines which were badly damaged by the tornado and storm last Saturday will be practically completed.

The Bell company sent out five crews of men numbering about fifty in all, early last Sunday and opened up communication with Madison, Milwaukee, Fort Atkinson, Milton, Milton Junction and Stoughton that day. Temporary connections to all points will be had this evening. The independent company has also had men at work on the country circuits. Three crews have been sent out from Milwaukee by the Western Union Telegraph company and were at work in the storm swept district today. There are thirty or more men in this crew. The postal company will also have its lines in shape by this evening.

REAL ESTATE DEALS IN EDGERTON ON TUESDAY

George Dickenson Sells Residence in City and Dr. Joseph Johnson Sold Farm Property.

(SPECIAL TO THE GAZETTE)

Edgerton, Nov. 14.—Yesterday, through the agency of E. M. Ladd, two important real estate transfers took place. George Dickenson selling his residence property on Rollin street to Dr. Joseph Johnson for the sum of \$1,300. Johnson in return sold his 40-acre farm in Albion township to Dickenson for \$5,500.

Personal.

William Schrub, who owns and conducts a farm in Newville, yesterday moved his family to town and again occupied rooms on the second floor of his brick block home.

Elford Land of Cambridge came Saturday and remained over Sunday with his brother, Ole Land and family, south of the city.

Mrs. M. B. Fletcher spent the yesterday in Milton with friends.

Brownies.

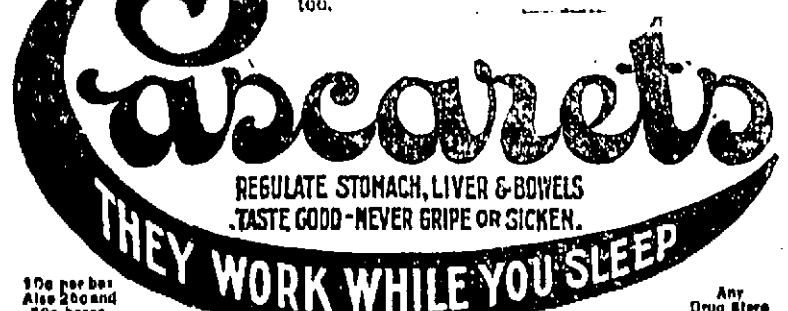

A small boy's ideas of brownies: "They live in very hot countries. They eat with their fingers and wash their teeth with sand and water. FOR SICK HEADACHE, SOUR STOMACH, LAZY LIVER OR SLUGGISH BOWELS

Turn the rascals out—the headache, the biliousness, the indigestion, the sick, sour stomach and foul gases—turn them out tonight and keep them out with Cascarets.

Millions of men and women take a Cascaret now and then and never know the misery caused by a lazy liver, clogged bowels or an upset stomach. Don't put it another day of distress. Let Cascarets cleanse and regulate your stomach, remove the sour, undigested and fermenting food and the misery-making gas; take the excess bile from your liver and carry off the decomposed waste matter and poison from the intestines and bowels. Then you will feel great.

A Cascaret tonight will straighten you out by morning—a 10-cent box means a clear head and cheerfulness for months. Don't forget the children—their little insides need a good, gentle cleansing, too.

IN RAISING FUNDS CLUBS ARE ACTIVE TO AID SUFFERERS

Various Organizations in the City Are Taking Up Matter of Providing Clothing and Bedding, as Well as Funds.

Response to the call for aid, financial and in the matter of clothing and bedding, is being made by the clubs and organizations of the city in a most gratifying manner. Blankets and bed clothing is needed in many cases and efforts are being made to collect as much material as possible. Aside from the efforts of the Twilight club, other organizations have taken up the work.

Economics Club.

The Women's Club of Household Economics will hold a meeting at the assembly room of the city hall tomorrow afternoon at three o'clock to decide upon the donation of funds for the storm sufferers.

Royal Neighbors, Attention.

Officers and members of Crystal Camp No. 132: The dry goods firms of P. J. Bailey & Son, Archie Reid & Co., Herbert Holme, Fair Store, "White House" and T. P. I am coughing, mother, coughing till my neck is out of joint, and I wish you'd bring the goosegrease, my worn bosom to comfort. I have coughed in ancient times, till my India rubber larynx seems to telegraph my lungs. I've done ground and left, coughing, all the plain and fancy kinds, till my coughing lung burst the plaster and shook down the window blinds; I have coughed a counterpane off the bed, and my coughing blow the whiskers from my face. All the dope you've bought me, mother, simply fails to hit the spot; I have taken tons of tablets, dandelion and liquid root; I have drunk the tea you brewed me, worn a poultice on my throat, and the doctor has my savings and the drugstore has my goat. Let us change the treatment, mother; give me goose or gander grease; rub it on my tortured larynx and perhaps I'll die in peace.

POPULAR SCOTTISH LECTURE ON FRIDAY, NOVEMBER 24.

Dr. A. S. Alexander, Professor of Veterinary Science in the University of Wisconsin, has consented to deliver a lecture on "Country Life in Scotland" on the evening of Friday, Nov. 24. The lecture will be given in the Presbyterian church under the auspices of the Calceonian Society and will be illustrated with an unrivaled collection of photographs, stereographs, views—many of which are entirely new. The professor is a most genial and talented gentleman; extremely popular all over the state and beyond it, and has given this lecture with great satisfaction to large audiences in Madison, Milwaukee and other Wisconsin cities.

Dr. Alexander having generously offered his services free on this occasion, no admission will be charged, but a voluntary retiring collection will be taken to pay the necessary expenses.

It is hoped and expected that this rare treat will be responded to by a full house as the lecture will be equally interesting and instructive.

SIDEWALK SKETCHES

By H. L. RANN.

EASECALL AND THE DRAMA.

The influence which the game of baseball is exerting upon the modern drama is one of the most encouraging and hopeful signs of the times. For instance, we are informed by the public prints that Tyrus Cobb, known to the pink sheet as the Georgia peach, is to appear in a lively skit entitled, "How I Led the League and Why I Done It." In this scene Tyrus wears a proud look and a pair of spiked shoes and closes with a slide from the right rear entrance to the dressing room, in plain view of the audience. It is said that the acting of Mr. Cobb aroused the heart of the audience to such an extent that he pricked himself in the watch pocket with the sword of Brutus the other evening. No notice also that that eminent tragedian, Mr. Frank Baker, of Philadelphia, who walked on and extracted a home run from Mr. C. Mathewson's repository without ringing the door bell, is about to burst or has burst upon the dramatic firmament with a range of three o'claves. Those who have had the privilege of seeing Mr. Baker in action say that he makes the lamented Salvini look like the leading man of the Philadelphia Dramatic club. Other sterling artists who have been battling over 300 are also about to throw a few choice debuts about the circuit. The stage has an infusion of new blood coming to it, and we are glad it is on the way.

NO ANTI-TRUST LAWS IN COMING SESSION

Neither Are Alaska Reforms or Currency Reform to be Expected, Says Senator Smoot.

Washington, Nov. 15.—No anti-trust legislation, Alaska reforms or currency reform may be expected at the coming session of congress according to Senator Reed Smoot of Utah, who was looked upon as voicing the attitude of the senate regulars in a statement here. Smoot's assertion was taken as foretelling a session of crossfire and conflicting action between the senate regulars, progressives and the democrats.

After conferring with the president, Smoot said that any anti-trust legislation to be acted upon by the senate must be absolutely complete in its solution of the trust problem. He was inclined to believe that a great length of time would be necessary to prepare such legislation and that it could not be acted upon at the coming session.

"The disposition of tariff legislation," Smoot said, "will occupy nearly all the time at this session of congress, that will be left free after the routine appropriation measures are out of the way. We will hardly be able to get the currency reform legislation which is proposed, and with the much-needed Alaskan legislation, will go until the next session."

Took Neal Cure, Doubled Income

Experience Of a Former Drinker

Business Man Relates Happy Sequel to Three Days' Treatment at the Neal Institute.

There is in this city a merchant who can prove that the Neal Treatment for the Drink Habit, which he took over three months ago, is the best investment he ever made.

"My business was going to ruin," he says. "I was losing account after account. Customers were not coming back. I was a nervous wreck. I had reached the stage in the excessive drinker's flight when I was always more or less under the influence of liquor."

Continuing the recital of experience during the period which is now only memory's nightmare, he said: "In those old days my wife and children never knew when or in what condition I'd reach home. I wasn't very far from the jumping off place when I saw myself as I really was—a business man who was trading my business, my family's happiness and my own health for the stuff that would hang me on my back dead broke, friendless, penniless and utterly wretched."

"Say, maybe that mental picture of my finish didn't make me do a little thinking. I'd heard about the wonderful Neal Drink Cure at the Neal Institute, and I decided to take the Treatment. I was treated like a guest, and left there three days after I arrived with all the desire for liquor gone. I'm a free man once more. My business is double what it was three months ago. The money I used to spend for booze now goes to greater comforts for the wife and children. I feel like drinking again? Say, I'd just as soon tuck a soft soap as any alcoholic stuff. I'm through for good."

Scores of men just like this merchant learned to sing the new "battle cry of freedom" after three short days spent at the Neal Institute. It has been demonstrated that persistent craving desire and craving appetite for liquor are due to the accumulation of alcoholic poison in the system of the regular drinker. More drink only affords temporary relief. The Neal Treatment will, in three short days, eradicate every trace of alcoholic poison from the system of the most excessive drinker, leaving the patient in the same physical and mental condition he was in before he started to drink.

The Neal Three Day Liquor Treatment consists of the administration by a regular physician, always in attendance, of a perfectly harmless vegetable medicine taken internally. There are no hypodermic injections.

Guests at the Neal Institute enjoy all the privileges and comforts of home, club or hotel. Names of publicans are never divulged.

DOINGS OF THE VAN LOONS—It seems doubtful that this revolution will bring the desired results.

MISS MINERVA and WILLIAM GREEN HILL

By FRANCES BOYD CALHOUN

(Copyright by Rialty & Britton Co.)

"You proposed this yourself, Jimmy. Garrow," she said. "We never would have thought of playing chain-gang but for you."

"It looks like we can't never do anything at all," moaned Frances. "Without grown folks 've got to know 'bout it."

"Yes, and laugh fit to pop themselves open," said her fellow-prisoner. "I can't never pass by Owen Gibbs and Len Hamner now 'bout they laugh just like jacks and grin just like polecats."

"I ain't never hear tell of a polecat grin," corrected Billy. "He's a small warden 'n what a billy goat do."

"It is Cheery cats that grin," explained Lina.

"Look like folks would get 'em a lot of polecats steal o' childrens always haffo be wearing assyety bags 'round their nakes, so 's they can keep off whooping cough," said Frances.

"You can't wear a polecat roun' yo' nake," grinned Billy.

"And Len Hamner all time now asking me," Jimmy continued, "when I'm going to wear Sarah Jane's coat to Sunday school. Grown folks 'bout the humattest things is. Ain't you going to unlock this chain, Billy?" he demanded.

"What I got to unlock it with?" asked Billy.

As Jimmy's father was taking the crafty chain-gang to the blacksmith shop to have their fetters removed, they had to pass by the livery stable; and Sam Lamb, bent double with intoxicating mirth at their predicament, yelled:

"Lordest! Lordest! Y' all sho' is de outlandish kids 'twixt de lard 'Place an' de moon."

CHAPTER XXII.

A Transaction in Mumps. "Don't come near me," screamed Billy, snarling slowly and deliberately toward the dividing fence; "keep way from me; they's ketchin'!"

Jimmy was sitting on his front steps and the proverbial red flag could not have excited a bull to quicker action. He hopped down the steps and ran across his own yard toward Billy as fast as his short, fat legs could carry him.

"Git 'way from me; you'll ketch 'em if you techs me," warned Billy; "an' you too little to have 'em," and he waved an authoritative hand at the other child. But Jimmy's curiosity was aroused to the highest pitch. He promptly jumped the fence and gazed at his chum with critical admiration.

"What's the matter," he inquired, "you got the toothache?"

"Toothache!" was the scornful echo, "well, I reckon not. Git back; don't you tech 'em; you ain't of 'nough to have 'em."

Billy's head was swathed in a huge, white cloth; his usually lean little cheeks were puffed out till he resembled a young hippopotamus, and his pretty gray eyes were almost invisible.

"You better git 'way from me an' don't tech 'em, like I tells you," he roared.

"em, so's my papa and mama 'll loime do just peractly like I want to; but you're a Jew and Jews ain't got no business to have the mumps, so you better get 'way. I paid Billy 'bout a million dollars' worth to loime tech his mumps," he said proudly. "Det 'way; you can't have 'em."

They had promptly stopped at the gate.

"What'll you take, Billy, to loime get 'em?" he asked, his commercial spirit at once aroused.

"What'll you gimme?" asked he of the salable commodity, with an eye to a bargain.

They pulled out a piece of twine and a blue glass bead from his pocket and offered them to the child with the mumps. Those received a contemptuous rejection.

"You can do peractly like you please when you got the mumps," instructed Jimmy, who had seemingly allied himself with Billy as a partner in business; "grown folks bound to do what little boys want 'em to when you got the mumps."

They increased his bid by the stub of a lead pencil, but it was not until he had parted with his most cherished pocket possession that he was at last allowed to place a gentle finger on the protrudent cheek.

Two little girls with their baby-bugles were seen approaching.

"G'way from here, Frances, you and Lina," howled Jimmy. "Don't you come in here; me and Billy 's got the mumps and you-all 'r little girls and ought n't to have 'em. Don't you come near us; they 'r ketchin'."

The two little girls immediately opened the gate, crossed the yard, and stood in front of Billy. They inspected him with admiration; he bore their critical survey with affected unconcern and indifference, as befitted one who had attained such prominence.

"Don't tech 'em," he commanded, waving them off as he leaned gracefully against the fence.

"I teched 'em," boasted the younger boy. "What'll you all give us if we 'll let you put your finger on 'em?"

"I ain't agoin' to charge little girls nothin'," said the gallant Billy, as he proffered his swollen jaw to each in turn.

A little darkey riding a big black horse was galloping by; Jimmy halted and halted him.

"You better go fast," he shrieked. "Me and Billy and Frances and Lina's got the mumps and you ain't got no business to have 'em 'cause you 're a nigger, and you better take your horse to the livery stable 'cause he might ketch 'em, too."

The negro boy dismounted and hitched the horse to the fence. "I gotter little turpahn—" he began insinuatingly.

And thus it came to pass that there was an epidemic of mumps in the little town of Covington, and William Green Hill grew rich in marbles, in tops, in sticks, in toads, in chewing gum, and in many other things which comprise the pocket treasures of little boys.

CHAPTER XXIII.

The Infant Mind Shoots. Miss Minerva had bought a book for Billy entitled "Stories of Great and Good Men," which she frequently read to him for his education and improvement. These stories related the principal events in the lives of the heroes but never mentioned any names, always asking at the end, "Can you tell me who this man was?"

Her nephew heard the stories so

often that he had some expression or incident by which he could identify each, without paying much attention while she was reading.

He and his aunt had just settled themselves on the porch for a reading. Jimmy was on his own porch cutting up funny papers, and making faces for the other child's amusement.

"Lemme go over to Jimmy's, Aunt Minerva," pleaded her nephew, "an' you can read to me tonight. I'd a heap rather not hear you read right now. It 'll make my belly ache."

Miss Minerva looked at him severely.

"William," she enjoined, "don't you want to be a smart man when you grow up?"

"Yes, m," he replied, without much enthusiasm. "Well, jes' lemme ask Jimmy to come over here an' set on the other side you whiles you read. He ain't never hear 'bout them tales, an' I 's'poo' he 'll like to come."

"Very well," replied his flattered and gratified relative, "call him over."

Billy went to the fence, where he signaled Jimmy to meet him.

"Aunt Minerva say you come over an' listen to her read some or the prettiest tales you ever hear," he said, as if conferring a great favor.

"Now, stirre-bob!" was the impolite response across the fence, "them 'bout the meekest tales they is. I'll come if sho' 'll read my Uncle Remus book."

"Please come on," begged Billy, dropping the patronizing manner that he had assumed, in hope of inducing his chum to share his martyrdom. "You know Aunt Minerva 'd die in her tracks 'fore sho' 'd read Uncle Remus. You 'll like these-bere tales 'nother sight better anyway. I 'll give you my stoney if you'll come."

"Now; you ain't going to get me in no such box as that. If sho' 'd just read seven or eight hours I would n't mind; but sho' 'd get you where she wants you and read 'bout a million hours. I know Miss Minerva."

Billy's aunt was growing impatient. "Come, William," she called. "I am waiting for you."

Jimmy went back to his own porch and the other boy joined his kinawoman.

"Why wouldn't Jimmy come?" she asked.

Duty. Duty is a power which rises with us in the morning and goes to rest with us at night. It is coextensive with the action of our intelligence. It is the shadow which cleaves to us, go where we will, and which only leaves us when we leave the light of life. —Gladstone.

FACTS AND FICTION

Experiences of Jansville Citizens Are Easily Proven to be Facts.

The most superficial investigation will prove that the following statement from a resident of Jansville is true. Read it and compare evidence from Jansville people with testimony of strangers living so far away you cannot investigate the facts of the case. Many more citizens of Jansville will endorse Doan's Kidney Pills.

Charles W. Allen, R. F. D. No. 8, Jansville, Wis., says: "I have used Doan's Kidney Pills and can recommend them as a remedy that can be relied upon. I suffered from kidney trouble for a long time and although I tried various kidney remedies, I received no relief. Finally I procured Doan's Kidney Pills and began their use. In a few days my trouble disappeared and it has never returned." For sale by all dealers. Price 50 cents. Foster-McBarn Co., Buffalo, New York, sole agents for the United States.

BOUND TO LAND SOMEWHERE

Mr. Mannheim's Roundabout Way to Find Some Place Where He Could Get "Rights."

There may be a little exaggeration in this bit of alleged court news from the Troy Times, nevertheless, the tale rests upon the important fact that wives need no longer complain that the law fails to protect them against their husbands. The "rights" of women in this respect seem more secure than the "rights" of men in the corresponding case.

Simon Mannheim, holding ice to the side of his head, appeared in court and demanded a summons for Mrs. Mannheim.

"I am a good husband," explained Simon, "but mine wife is peevish. See vat she did to me."

The clerk expressed sympathy at the state of Mr. Mannheim's eye, but declined to issue the summons. "This court," said he, "is for women that are not supported by their husbands. Go upstairs to the police court."

Mr. Mannheim went upstairs. The magistrate looked at him coldly. "This court is for wives who are abused by their husbands," he said, "not for husbands who can't take care of themselves."

Mr. Mannheim, obviously puzzled, started downstairs again. He called on the clerk of the court of domestic relations. "Aber I don't take care of mine wife, do you git me?" he asked.

"Wo surely do," said the clerk. "Here's where we do full justice to women, but we don't care a white bean for men."

Mr. Mannheim started out. In an hour he was back in the police court under arrest, but with an air of mental repose. The magistrate wanted to know the charge against Mannheim.

"He threw a ston through the window of the Woman's Rights Clubroom," said the policeman. "Youth's Companion."

Caesar and the Empire. The reason "why the Roman empire succeeded the republic" was that there was felt to be an urgent need of a strong central power. For many years the republic had been desolated and the cry of the whole people was for peace—peace almost at any price. Now, peace could be secured only by the ascendancy of a single man, ruling with absolute and irresistible sway. So the people acquiesced in the change. They even hailed it with joy. A few patriots like Brutus and Cato gave up in despair, but most men were pleased with the revolution which made Caesar supreme. Not that they were monarchists at heart, but that after the devastating strife they wanted peace, even though it be at the sacrifice of some of their liberties.

FREE IF IT FAILS. Your Money Back if You are not Satisfied with the Medicine We Recommend.

We are so positive that our remedy will permanently relieve constipation, no matter how chronic it may be, that we offer to furnish the medicine at our expense should it fail to produce satisfactory results.

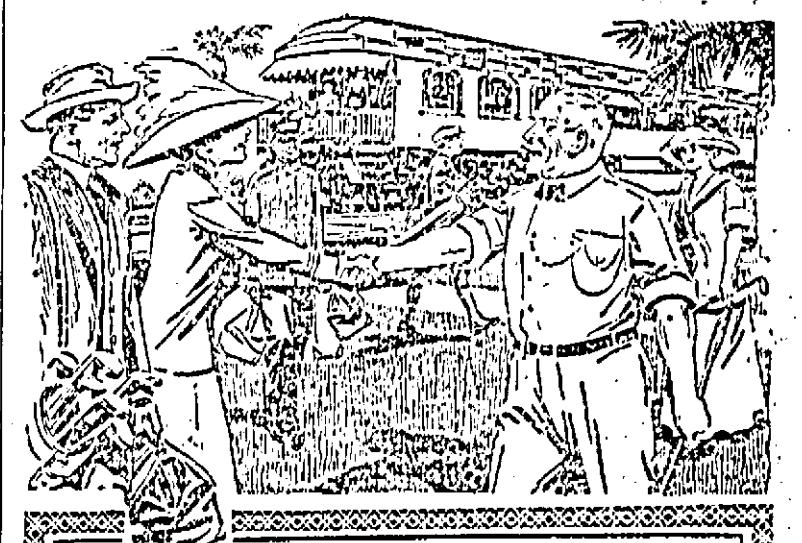

It is worse than useless to attempt to cure constipation with cathartic drugs. Laxatives or cathartics do much harm. They cause a reaction, irritate, and weaken the bowels and tend to make constipation more chronic. Besides, their use becomes a habit that is dangerous.

Constipation is caused by a weakness of the nerves and muscles of the large intestine or descending colon. To expect permanent relief you must therefore tone up and strengthen these organs and restore them to healthier activity.

We want you to try Rosall Orderlies on our recommendation. They are exceedingly pleasant to take, being eaten like candy, and are ideal for children, delicate persons, and old folks, as well as for the robust. They act directly on the nerves and muscles of the bowels. They apparently have a neutral action on other associate organs or glands. They do not purge, cause excessive looseness, nor create any inconvenience whatever. They may be taken at any time, day or night. They will positively relieve chronic or habitual constipation, if not of surgical variety, and the myriads of associate or dependent chronic ailments, if taken with regularity for a reasonable length of time. 12 tablets, 10 cents; 36 tablets, 25 cents; 80 tablets, 50 cents. Sold in Jansville only at our store—The Rosall Store, The Smith Drug Co., 14 West Milwaukee St.

EXHIBITS DEATH CHAIR ON VAUDEVILLE STAGE AND ARGUES AGAINST CAPITAL PUNISHMENT.

New York, N. Y.—The Rev. George K. MacDonald of New York, a Baptist clergyman, is now appearing on the vaudeville stage for the purpose of lecturing against capital punishment. To strengthen his argument he uses a death chair charged with 200,000 volts of electricity as an electrocution, and an assistant appears to be electrocuted. The Rev. MacDonald believes that "The church should encourage the stage in using its acknowledged power to teach great moral lessons. I hope by portraying the actual working of the electric chair to so fix it in the minds of the masses of the people that when they are tempted to commit crimes the image of the chair will rise before them as a warning."

LANDS

ADVERTISERS—in placing your ad three things must be considered: circulation, class of readers and price. The Reporter gives your ad greater measure of service for less money than any other newspaper in Northern Iowa. The Reporter is read by 30,000 people every issue. Advertising rates one-half cent a word, each insertion. Cash with order. Reporter, Waterloo, Iowa. 46-1t

HERALD, Grand Forks, N. D., circulation 10,200. Talk to the people in prosperous North Dakota through the columns of The Grand Forks Herald, read every day by 30,000, in 150 towns and rural routes in the northern half of the state. Classified ads, For Sale, Help Wanted, Exchange, Real Estate, etc., for 1/2 cent a word each insertion. Send stamps to The Herald, Grand Forks, N. D. 46-1t

FAIRMS FOR SALE—Southwest Iowa is one of the richest agricultural districts in the world, and the Daily Nonpareil is practically the only daily paper read in this territory. It is issued morning, evening and Sunday, and with its 17,000 circulation covers the field like a blanket. If you want results from your advertisement, try it. One cent a word for the first insertion, and one-half cent a word for each subsequent insertion. Classified in display, 25c an inch. The Daily Nonpareil, Council Bluffs, Iowa. 46-1t

IF IT IS A FARM you want to sell or trade, or real estate you want to get action on, there is but one paper in the southwestern part of Nebraska that reaches the people you want to do business with, and that is the Hastings, (Nebr.) Tribune, daily and weekly. 45-1t

ADVERTISERS—The Hutchinson Daily News, with a guaranteed average circulation of 9,293 for the month of April, 1911, affords the best advertising medium in Hutchinson. Population 16,672, and the Arkansas Valley (the Garden Spot of the West). Rate 1 cent per word, per insertion, cash with the order. News, Hutchinson, Kansas. 47-1t

ADVERTISERS—The great state of North Dakota offers unlimited opportunities for business to classified advertisers. The recognized advertising medium is the Fargo Daily and Sunday Courier-News, the only seven day paper in the state and the paper which carries the largest amount of classified advertising. The Courier-News covers North Dakota like a blanket; reaching all parts of the state the day of publication; it is the paper to use in order to get results. Rates: one cent per word first insertion; one-half cent per word succeeding insertions; fifty cents per line per month. Address The Courier-News, Fargo, N. D. 20-1t

FIND LAND BUYERS through advertising in the Daily Journal-World, Lawrence, Kansas. The farm lands about Lawrence are the finest in Kansas and therefore are high priced. Young farmers are looking for cheap farms. The Daily Journal-World has a sworn circulation of 5,500, about half of which is in the country and carries a full page of Want Ads. Rates, 1c per word 1 time, 1/2c per word for one week. The World Company, Lawrence, Kansas. 68-1t

IF YOU ARE interested in real estate in the Northwest, you will do well to place an ad in the Want Columns of the Aberdeen Daily News, Aberdeen, S. D., the best advertising medium in this territory. Read every day by more than 25,000 people. Rates, 1 cent per word, first insertion, special rate by the week or month. Write for sample copy. 45-1t

Having reached the highest point of prosperity, the World is now the most desirable medium for the advertiser. The World is the only paper in the Northwest that reaches the people you want to do business with, and that is the Hastings, (Nebr.) Tribune, daily and weekly. 45-1t
